TEXT

1. III. Principles of the Performance Regime

The following modification was made:

Surplus payment obligation determined in the Performance Regime applies neither to the accounting rules related to cancellations due to track possession nor to the accounting rules of ~~the late~~ path requests caused by track possession.

2. IV.4.2.1 Scope of the incentive scheme

The following modification was made:

The incentive scheme of forwarding freight on railway is related to domestic train paths that are ordered by fulfilling the conditions below:

- neither the starting point nor the endpoint is a border station,
- when ordering shunting activity at any station of the affected train path and submitting this request along with the train path order,
- when ordering the shunting activity, one of the following requests shall be indicated in the request: “shunting from/to tracks designated for loading”; “shunting from/to privately-owned network spurring from a station (factory sidings)”; ~~“shunting in order to carry out marshalling activity”~~,
