

Effective: from 15 November 2024  
Applicable: from 15 December 2024

TEXT

1. 4.5.6 Deadlines and procedures of application for services provided by the infrastructure manager

Request for access for public loading sidings

The following is added to this point:

...

In the indication railway undertaking must provide the following information:

- service place concerned, within this, name of the loading place,
- the requested time of start,
- number of wagons to be loaded/unloaded,
- length of the loading unit (metre),
- the length of time needed for the use of the loading place.
- in the case of submitting together with a train path, the ID of the train path.

Optionally the following can be specified:

- the referred train path identifier (which can be referred to on the day of the request +/- 48 hours),
- usage of loading interruption (loading on other days than indicated in the lighting calendar and / or on public holidays)

When signalling, in addition to the above, the railway undertaking shall in any case take into account the information published in the Restrictions, remarks column of Annex 7.3.11.

**ANNEXES**

**2. 7.3.11. Public loading sidings and loading areas belonging to these loading sidings - MÁV Zrt.**

The following modification was made:

Debrecen Regional Directorate
